

## MGC Practice Facility & Safety Guidelines

### Driving Range

- a. The safety notices posted must be strictly observed, including;
  - Not to step out onto the range to pick up golf balls, instead, purchase a token or card to access golf balls.
  - Ensure only one player per bay
  - Only swing clubs within a designated bay area
  - Only hit balls onto the Driving Range Target Area: not onto the course, onto the driveway, nor onto the practice chipping area. Shout 'fore' to warn others, if you mistakenly do.
  - Allow walkers using the footpath along the hedge by the Avening course 1st hole to pass through the Target Area.
  - Anyone under the age of 12 **MUST** be supervised by a responsible adult or, as part of a lesson, by a member of the professional team.
  - Be mindful of weather conditions when using outside facilities
  - Anyone hitting balls from the Newer Range Facility **MUST** play from the same area as others already on the range (i.e. either from the circle mats or the Huxley turf area) - to avoid the risk of hitting others on the range.
  - If you know you can hit shots over 250 yards, **DO NOT USE** the relevant clubs that could hit a ball out of the Target Area.

### Chipping Green

- a. Be aware of players driving off and playing the Avening Course 1st hole and avoid hitting balls on to the course.
- b. Do not hit balls onto the driving range.
- c. **ALL BALLS MUST** be removed on completion of practice.
- d. Do not chip towards the Clubhouse.

### Putting Green

- a. Members should avoid walking on the putting green and walk around, not across, the green when going to, or returning from the course.
- b. No chipping is permitted on the Putting Green.
- c. If practicing continuously on one area of the green, place a towel under foot to protect the green.

### Practice on the Course

- Practice on the course is not allowed (playing more than one ball is construed as practicing).

*Please be aware that all rules concerning golf etiquette, harassment and bullying applies equally on the practice facilities as well as the Golf Courses and Clubhouse.*

# Driving Range

Allow walkers using the footpath to pass

Only hit balls onto the Driving Range; not onto the course or driveway

# Driving Range

Only one  
player per  
bay
